

Cisco 2960 optical module model

Overview

The Catalyst 2960 switch uses SFP modules for fiber-optic and copper uplink ports. Warning Invisible laser radiation may be emitted from disconnected fibers or connectors. This article introduces third-party compatible optics solutions for Catalyst 2960-X Series Switches. It includes information on various models, their specifications, and the software release requirements for compatible transceivers. Page 1 2 or 4 Small Form-Factor Pluggable (SFP) uplinks for Gigabit performance and business continuity 24 or 48 Fast Ethernet ports Cisco FlexStack for simplified management with 20 Gbps of stack throughput, when deployed with the FlexStack stacking module IEEE 802. 3at-compliant PoE+ for up to 30W. Cisco® Catalyst® 2960-X Series Switches are fixed-configuration, stackable Gigabit Ethernet switches that provide enterprise-class access for campus and branch applications (Figure 1). Do not stare into beams or view directly with.

Article Content

Solved: Supported SFP modules for 2960

Solved: Every document I find on Cisco's website seems to indicate that the SFP-GE-S is not supported on the 2960 platform. However, I have a

Cisco Catalyst 2960-X and 2960

Cisco Network Plug and Play is supported using the Cisco Application Policy Infrastructure Enterprise Module (APIC-EM) and DNA Center on Cisco Catalyst 2960-X and 2960-XR Series Switches. This

Catalyst 2960-XR Switch Optical cables

I am trying to figure out the correct optical cables to use for my switch. The old one was using the GLC-SX-MM connectors and optical cable 62.5/125 MM-2.0x 4.1 OFNR. Not sure if these

Cisco Catalyst 2960-X Series Switches

The Cisco Catalyst 2960-XR models offer all the features of the Cisco Catalyst 2960-X. In addition, they introduce Layer 3 routing functionality for the first time in the Cisco Catalyst 2960 Series. They also

Cisco Catalyst 2960-X Series Switch Datasheet

Cisco® Catalyst® 2960-X Series Switches are fixed-configuration, stackable Gigabit Ethernet switches that provide enterprise-class access for campus and branch applications (Figure 1).

Connector and Cable Specifications [Cisco Catalyst

Each port must match the wave-length specifications on the other end of the cable, and the cable must not exceed the stipulated cable length. Copper 1000BASE-T

Cisco Catalyst 2960-L Series Switches Data Sheet

The Cisco Catalyst 2960-L Series and 2960-L Smart Managed Switches are fully managed switches that offer advanced Layer 2 features as well as Power over Ethernet Plus (PoE+) power. These switches

Compatible Optics Solutions for Cisco Catalyst 2960-X Switches

Cisco Catalyst 2960-X Series Switches OverviewCisco Catalyst 2960-X Series Switches FeaturesCisco Catalyst 2960-X Series Switches ModelsThe Cisco 2960-X is an excellent mid-range Gigabit switch line, able to successfully adapt to a variety of large and medium-size business operations. All optics, AOCs and DACs listed in the tables are manufactured by industry standards and the MSA (Multi-Source Agreement). More importantly, you could order them with high quality and 100% compatibil...See more on optcore SlideShare

Cisco 2960x datasheet and supported sfp modules

The document provides an overview of the Cisco Catalyst 2960-X series switches, detailing their features, configurations, and supported SFP and SFP+ modules. It

Cisco Catalyst 2960-L Series Switches Data Sheet

Cisco Network Plug and Play is supported using the Cisco Application Policy Infrastructure Enterprise Module (APIC-EM) and DNA Center on Cisco

Cisco Catalyst 2960-X Series Switches

Unless specified, documentation for the Cisco Catalyst 2960-X Series Switches is applicable to all models. All of the following have an End-of-Support

Compatible Optics Solutions for Cisco Catalyst 2960-X

Optics is an essential part of the Cisco Catalyst 2960 switch family, which plays an important role in fiber-optic cabling infrastructure. This article

Cisco Catalyst 2960-S Series Switches Data Sheet

This data sheet describes the benefits, specifications, and ordering information for the Cisco Catalyst 2960-S Series Switches.

Product Overview [Cisco Catalyst 2960-X Series

Product Overview The Catalyst 2960-X family of switches are Ethernet switches to which you can connect devices such as Cisco IP Phones, Cisco Wireless Access

GLC-LH-SMD Cisco 1000BASE-LX/LH SFP Module - Specs

Cisco GLC-LH-SMD is a 1Gbps 1000BASE-LX/LH SFP module supporting single-mode fiber up to 10km at 1310nm with DOM diagnostics.

Managed WiFi Cisco Catalyst 2960-X Series Switches

Product Overview Cisco® Catalyst® 2960-X Series Switches are fixed configuration, stackable Gigabit Ethernet switches that provide enterprise-class access for campus and branch applications.

Cisco Catalyst 2960-X and 2960-XR Series Switches Data Sheet

The Cisco Catalyst 2960-X and 2960-XR Series provide easy device onboarding, configuration, monitoring, and troubleshooting. These fully managed switches can provide advanced Layer 2 and

needed sfp fiber module configuration in 2960 x series switch

Hi I am beginner, we bought a cisco 2960 X-series switch model no WS-2960-24TS-L and we bought SFP fiber module, how can i configure the sfp module. help me with the configuration

Compatibility Catalyst 2960 L Series with Transceiver

I would like to know, if catalyst 2960 L Series is compatibility with Transceiver Model GLC-LH-SMD. Because I don't understand the compatibility

Cisco Catalyst 2960-X and 2960-XR Series Switches Data Sheet

The FlexStack-Plus module is hot swappable and can be added to any Cisco Catalyst 2960-X or 2960-XR Series Switch with a FlexStack-Plus slot. Switches connected to a stack will automatically

Catalyst 2960-X Switch Hardware Installation Guide

The Catalyst 2960-X family of switches are Ethernet switches to which you can connect devices such as Cisco IP Phones, Cisco Wireless Access

Cisco Catalyst 2960 Series Switches

Find software and support documentation to design, install and upgrade, configure, and troubleshoot Cisco Catalyst 2960 Series Switches.

Catalyst 2960-X Switch Hardware Installation Guide

For cabling specifications, refer to the following notes: Cisco SFP and SFP+ Transceiver Module Installation Notes Cisco 40-Gigabit QSFP+ Transceiver Modules Installation Note Cisco

Cisco Catalyst 2960-S and 2960 Series Switches with LAN Base

Cisco Catalyst 2960-S and 2960 Series Switches, designed and engineered by Cisco, provide optimum power savings, low power operations for industry best-in-class power management, and power

Cisco Catalyst 2960-SF Series Datasheet

Security Features The Cisco Catalyst 2960-SF Series Switches provide superior Layer 2 threat defense capabilities for mitigating man-in-the-middle attacks (such as MAC, IP, and ARP spoofing).

Mastering Cisco 2960X SFP Module Configuration:

Cisco 2960X SFP Module configuration guide for efficient setup, troubleshooting, and automation. Master hardware compatibility, IOS commands,

SFP Module Ports, Dual-Purpose Ports | Cisco Systems 2960 manual

Download specifications for Cisco Systems 2960. Learn more about SFP Module Ports, Dual-Purpose Ports.
