

# Distribution Box APXL

## Overview

Its durable GRP enclosure with IP66 protection makes it ideal for harsh environments, while the lightweight design with handle ensures easy portability. Supporting 24V | 110V | 220V Tools, lights, and equipment, it reduces cable clutter and enhances operational safety. The C-Tec APXL Outreach Plate is an essential XLR line level plate designed for seamless integration with mixing desks. It requires either 12V phantom power or a separate 12V power supply unit, ensuring versatility in various setups. This plate easily connects to popular amplifiers like ML1. Atexdelvalle offers world-class explosion-protected solutions guaranteeing highest quality and performance with no compromise. Accessibility and efficiency define the competitiveness of our portfolio—an ever-expanding line of products that people trust. Please refer to product description. Buy SIGNET / AC - XLR Line Level Outreach Plate. An EU declaration of conformity is required in order to be able to apply the CE marking.
