

Dual-meter distribution box

Overview

This multi-meter distribution box is designed for housing multiple electricity meters. It features a robust metal enclosure with individual meter compartments, viewing windows, a secure locking mechanism and is suitable for indoor or outdoor installation. The dimensions are (W) 1150mm x (H) 270mm x (D) 132mm. Due to the flexible. GE Vernova's Multilin™ Meter Enclosure is a pre-wired configured, economical solution for both retrofit expansions and small scale meter installations that allows the expansion of existing switchgear capability without expensive and time-consuming design. This EUSERC 308A compliant meter pedestal includes a lift-up top for full exposure of both meter sockets and separate customer and landing lug compartments in the base. StrongBox DSP offers separate.
