

Features of Burkina Faso Cable Bridge

Overview

Construction of Burkina Faso section of the fibre optic link between Burkina Faso and Benin : 160 km from Fada N'Grouma to Porga (Benin Border); 36-core G. 652D cable and 100 G of backbone capacity

Digital transformation is one of the main pillars of Burkina Faso's development programs. The country wants to build a robust and reliable digital infrastructure to achieve that goal. Burkina Faso has contracted Bridge Fiber Solutions (BFS), a subsidiary of Telecel Faso SA, to operate and manage. The government of Burkino Faso has chosen Telecel Faso's new subsidiary Bridge Fiber Solutions (BFS) to operate and maintain the country's fibre optic backbone network. The company launched its commercial activities in Ouagadougou on Friday, March 10 in the presence of the Minister of Digital Transition, Posts and.
