

Fiji High and Low Voltage Electrical Complete Sets of Equipment

Overview

This solution covers a complete set of power equipment from low-voltage distribution cabinets, high-voltage switchgear to transformers, automation control systems, etc., aiming to provide comprehensive and customized power solutions for various users. Established in 1970, CLYDE is a highly reputed Distributor & After-Sales Service provider in Fiji Islands & neighbouring South Pacific nations, for Power Generators, Construction Machinery, Water Pumps, Air Compressors, Farm Equipment and other Industrial, Commercial, Domestic utility products. The import shipments of high voltage equipment to Fiji in 2024 were primarily sourced from Australia, China, New Zealand, USA, and Mexico. With a moderate concentration level indicated by the Herfindahl-Hirschman Index (HHI), the market in Fiji appears to have a diverse range of suppliers. At the same year, Low-voltage Protection Equipment was the 103rd most exported product in Fiji. We undertake both underground and overground cable work at any.
