

Greek Terminal Box 2-core

Overview

Compact 2-core fiber optic terminal box with SC/LC adapters, low 0.15dB insertion loss, and wall-mount design for FTTH & indoor networks. The 2 port surface mount fiber enclosure serves as termination point designed to joint drop cable and pigtail in home or office for wall mount or surface mount installation. This optical distribution terminal box facilitates connection and dispatch of outdoor optical fiber. This is FTTH Box, a 2-core fiber optic distribution box with PC ABS material, CE RoHS FCC certified, ideal for FTTH networks, waterproof dustproof. This product is already in your quote request list. Resistance to chemical and UV attack. It intergrates fiber splicing, splitting, distribution, storage and cable connection in one unit. ABS plastic, light weight Reasonable design for fiber arrangement, bend radius more than 30mm Main Parameters: Dimension: 86 (H)mm×86 (W)mm×27 (D)mm Optical termination box for indoor usage with a capacity of two. SS-2Cores-001A 2cores terminal and distribution box is used as a termination point for the feeder cable to connect with drop cable in FTTH communication network system.
