

Swiss electrical distribution box industry

Overview

The Swiss T&D sector generates an estimated CHF 5.2 billion in revenue across approximately 650 companies, encompassing transformers, switchgear, power cables, instrument transformers, grid automation, and power electronics. Switzerland's unique geographical landscape and commitment to sustainable energy infrastructure create specific demands for outdoor power distribution systems. Switzerland's power distribution network serves over 8 million people. Since GEFAS-ELECTRIC Switzerland was founded, we have been doing our best to work with you to develop solutions that are perfectly tailored to your individual requirements. With over 80 years of experience, EIG is the largest manufacturer of electrical products in the English-speaking Caribbean, ensuring high quality and safety.
