

US Outdoor Cable Management Racks

Overview

You'll get ten weatherproof, UV-stable options that protect and hide cables from 4 mm sensor wires to 12-13 mm floor-cord channels, each rated IP65 where applicable, tested for pull-out strength and wind resistance, and compared by installation method, material, and load. You'll get ten weatherproof, UV-stable options that protect and hide cables from 4 mm sensor wires to 12-13 mm floor-cord channels, each rated IP65 where applicable, tested for pull-out strength and wind resistance, and compared by installation method, material, and load. Keep outdoor cables organized and out of sight with adhesive clips, nail-in clips, and cord covers. Protect against weather and prevent tripping hazards. Keep your infrastructure organized and protected with TESCO's top-notch outdoor cable management solutions. Cable tray systems are the perfect solution for running large quantities of power or data cables overhead or under-floor. Also known as baskets, trunking, or cable ladders, these systems are designed to both route and provide support for vital wiring. Cable tray systems range from simple to highly. Belden offers a complete line of open frame racks and cabinets that support all applications, from single-rack or cabinet applications (such as retail and telecom closets) to high-density, multi-rack/multi-cabinet patching and switching fields (in computer rooms, data centers and central offices).
