

Uganda Grid Cable Tray Construction Project

Overview

Uganda Electricity Transmission Company Limited (UETCL) has reportedly begun stringing the transmission cables on the 67km Kole-Gulu stretch. This is being carried out as part of the first phase of the project. The Ceremony was graced by the presence of Her Excellency, Lisa Chesney- British High. Build Matt Ltd., Uganda's leading steel fabrication company, has spent over two decades installing electrical cable trays across warehouses, fuel stations, pharmaceutical plants, and cold storage facilities in Uganda and across East Africa. This guide draws on that experience to give contractors. Available in solid or perforated sheet metal, the P31 cable tray offer exists in different versions to ensure you find the right answer to your specific requirements: Make your selection from the different finishes and sizes on offer: P31 cable trays guarantee you a reliable, lasting installation. Kampala | 4 February 2026 — Gridworks and the Government of Uganda have signed two landmark agreements that will enable Gridworks' Amari Power Transmission (“Amari”) project to begin construction in the coming weeks.
