

Vietnam ODM Enterprise-Grade Optical Router 200G

Overview

PacketLight's PL-2000T is a highly integrated solution with four 200G pluggable optical modules, delivering up to 8 x 100Gb Ethernet or OTU4 in a 1U chassis. The adoption of 200G/lane optical links in data centers lays the groundwork for the eventual deployment of 1.4T switches and large-scale AI clusters. Ruijie, a leading provider, has built its OEM and ODM operations over the past decade across 11 countries. Organizations must make a crucial choice. More than 12 years of experience in the field of R&D and production of technology products such as: ONT, Wifi AP, Wifi Mesh, Smartphones, Smart Home Devices, IPTV Set-top box, Remote Control. Provided 14 million products to the market: Vietnam, USA, Mexico, Panama, Chile, Hong Kong, Myanmar. Huawei's E2E WDM/OTN intelligent optical transport solution is widely applicable to the backbone core layer, metro core layer, metro aggregation layer, and metro edge access layer along with Data Center Interconnect (DCI) scenarios. With over 20 years of innovations and practices, Huawei has. The 200G Optical Module Market was valued at 13.84999999999998% from 2026 to 2033, reaching an estimated 41. This expansion is fueled by rising demand across industrial, commercial, and technology-driven applications. VVDN accelerates the connected living adoption with latest next-gen technologies including network switch LAN technologies, Wi-Fi 7/6/6E/5, SD-WAN, Wi-Fi mesh, Wi-Fi sensing, Time-Sensitive Networking (TSN), Virtualization and Automation. VVDN combines extensive domain expertise, licensable.
